Portfolio

Software engineer with 4 years of experience in developing scalable front-end solutions. Expertise in React, Next.js, and Remix, delivering high-quality applications that reduced development time by 20%. Adept in collaborating with cross-functional teams, improving process efficiency, and leading feature-rich projects that enhanced user satisfaction by 15%. Passionate about contributing to impactful solutions and eager to drive innovation in a fast-paced development environment.

SKILLS

Front-end - Advanced
React | **Next** | Remix Eelectron | **Vue3** | **Redux** Context | Sass Bootstrap **REST API** | JSON | **Tailwind** | **JavaScript** | ES6 SQLITE

Front-end - Moderate
React Three Fiber | Fiber/drei | Flutter | **Angular** | React Native | Transition Group | jQuery **Jest React Testing Lib TypeScript** | Material UI | **Framer motion** | **eslinters**

Back-end - Proficient
PostgreSQL | **MySQL**

Back-end - Moderate
Rspec | Ruby | **Node.js Express** | Ruby on Rails

Tools & Methods
Git | **GitHub** | Netlify Vercel | Render| **TDD Mobile First Approach** Chrome Dev Tools | **Agile** (**Scrum**) | **Firebase** MongoDB | **Figma** | Jira Postman | NPM | Yarn Trello | Webpack | CI/CD Code Reviews

Professional
Remote | Management Pair-Programming Teamwork | Mentoring

Languages
English: Proficient.
Kurdish: Native.
Arabic: Intermediate.

EXPERIENCE

British International School, *Remote*
Full-time - Software Engineering Lecturer/Software Admin   July 2023 –Current
- Teaching programming, and general ICT.
- Administrating the E-learning for the school.

Full-stack Developer, *Remote*
GateWay/Pure Software/Dohrnii/TelleNetPro/brandBazzar   August 2023 – Sep 2024
- Led the development of key features across multiple projects using React, NEXT.js, and Redux, improving user interface responsiveness by 30%.
- Spearheaded the integration of Tailwind CSS and SCSS into existing applications, reducing development time by 20%.
- Collaborated with cross-functional teams in an agile environment, enhancing project management processes and delivering results 10% ahead of schedule

Gateway for ICT Solutions, *Erbil*
Full-time - Front-end web developer   October 2022 – April 2023
- Integrating payment functionality into the website through APIs.
- Developing a responsive and pixel-perfect user interface using **Sass, and React**.
- Achieved **80% test coverage** on the developed components using **jest and RTL**.
- Collaborate in a scrum environment to achieve success through communication.

EDUCATION

MICROVERSE, *Remote*
Full Stack Web Development Program, Full Time   August 2022 – April 2023
- Spent 1300+ hours mastering algorithms, data structures, and full-stack development.
- Developing projects using Ruby, Rails, JavaScript, React, and Redux, following TDD, and other methodologies.
- Developed skills in remote pair programming using GitHub, industry-standard git-flow, and daily standups as an agile (scrum) habitant.
- Communicate and collaborate with international remote developers.

(UTM) The University of Technology Malaysia,   September 2019 – March 2023
Bachelor, Software Engineering
- CGPA: 3.5.
- Various projects with different frameworks and languages such as (Pharmacy e-shop: (JSP, servlet, and Java Bean), We Assist: (Flutter), e-Learning: (Flutter), Moisture Detector: (C++, Arduino), Fast-Food: (PHP)).
